PROFILE

Passionate Web Developer and UI Designer with a strong foundation in both creative design and technical implementation. Skilled in crafting seamless digital experiences, I specialize in building responsive web applications and intuitive interfaces. Proficient in front-end and back-end development, I am committed to delivering innovative solutions that exceed client expectations.

WORK EXPERIENCE

Web Developer At Matrix Integrated

October, 2024 - Present

Matrix Integrated →

- Project: Built and managed Matrix Integrated's responsive website, covering Direct, Reward, Digital, Event, and Films segments using WordPress.
- Impact: Boosted online visibility, user engagement, and client inquiries.

Web Developer Freelancer

Scitech Creation →

September, 2024

- Project: Currently developing a full-stack e-commerce website using WordPress for a company specializing in science lab kits for students from class 8 to college level.
- Impact: Aims to enhance online visibility, streamline sales operations, and boost customer engagement and satisfaction.

Yume Japanese Language School →

August, 2024

- Project: Developed a complete academic website for Yume Japanese Language School, utilizing HTML5, Tailwind, JavaScript, and React.js.
- Impact: Enhanced the school's online presence and user experience, which led to a 25% increase in student inquiries.

InternPe Internship

April - May, 2024

Contributed to the development of 3+ web projects, leading to a 30% increase in efficiency.

PROJECTS

Portfolio Website →

Developed a personal portfolio site using React.js, HTML5, Tailwind css to showcase all projects, skills and creative UI.

Note Keeper Web Application →

A React-based tool for managing tasks efficiently, featuring an intuitive interface for adding, deleting, and tracking to-do items with responsive design.

Connect 4 Game →

Developed a Connect 4 game using JavaScript and React, featuring a dynamic and interactive user interface that allows players to engage in strategic gameplay.
